resolution or continuing to enforce a resolution or an ordinance that establishes permits or licenses for the siting or operation of a solid waste management facility that is not owned by the district or for the collection and transportation of solid waste if the siting or operation of the facility or the collection and transportation of the solid waste is regulated under a federal, state, or local statute or ordinance or is otherwise regulated by another governmental entity. (d) The board may adopt a resolution determining that the district must either provide waste management services by means of its own

work force or contract with a person to provide waste management services, only if the board finds that:

- (1) the waste management service is not currently available in the district at a reasonable cost; and
- (2) providing the waste management service by means of its own work force or by contract will benefit the public health, welfare, and safety of residents of the district.

The board's determination must be supported with findings of fact.

(e) A district shall provide notice by publication under IC 5-3-1 and at the time of publication serve by first class mail to any person that delivers to the district an annual written request for notices before January 1 of any meeting to consider adoption of a resolution making a preliminary determination that it is necessary for the district to undertake to provide waste management services by means of its own work force or contract with any person to provide waste management services.

(f) Whenever a district evaluates the reasonableness of cost under this section, it shall:

- (1) compare the cost of the same level of service provided in the district or in similar demographic areas within Indiana; and
- (2) if the district wishes to provide waste management services with its own facilities or work force, the district must disclose the entire cost of providing the service by the district, including the following:
